SPECIFIC FACILITIES PROVIDED TO GIRL STUDENTS

The institution understands its responsibility towards gender equality and to achieve the same, an excessive number of initiatives have been taken in the campus.

Safety norms are strictly followed by the college in all respects. Every activity of the students is monitored through CCTC cameras installed in corridors, lawns, playground, library, canteen and at entrance gate. ID cards are checked at gate to prevent the entry of outsiders into the college premises. Girl students are highly secured in all terms as they are not allowed to leave the premises before full break. In case of emergency, they have to take written permission from the teacher incharge, who ensure the reason by speaking to their concerned parents or guardian.

The college committee has formally constituted Anti-Ragging Cell and Women Grievance Redressal Cell. Any complaint or grievance, if any, is resolved within time by maintaining confidentiality. Mentor system has been implemented for effective mentoring and monitoring of welfare of students. This system strengthens the teacher taught relationship.

Girl students are encouraged to join NCC and NSS and participate in co-curricular activities. As many as 29 girl students have enrolled them in NCC. International Women's Day is celebrated every year by organising extension lectures, medical checkups, face to face with distinguished women and self-defense workshop for women.
